## „Wir helfen Albanien“

Dear Albanians, friends of Albania

The earthquake of the 26th November and subsequent earthquakes have claimed the lives of more than 50 people, dozens of buildings have been destroyed and hundreds have become uninhabitable!

**IDEAL** has unanimously decided to create a dedicated account to collect financial aid and materials to help as many families in need, children, youth and the elderly.

### Your help is needed today, but also in the future!

Kindergartens, schools and other public institutions will need help for a long time. Many children have been traumatized by recent events, having lost their homes and family and needing support throughout the year.

Any kind of help is warmly accepted, whether in the form of a **financial, material or individual engagement** (doctors, teachers, parents, or other specialists) donation!

### **Financial donation:**

Would you like to donate? This bank account is dedicated to the campaign "**We Help Albania**":

**Purpose:** „Wir helfen Albanien“ – Name, Surname, Address

**Account owner:** Integrative Deutsch-Albanische Gesellschaft e.V. (IDEAL)

**Bank:** Volksbank Düsseldorf Neuss eG

**IBAN:** DE94 301602130038378023

The entire donation will be dedicated to supporting kindergartens and elementary school children in the Kurbin and Thumane area.

Your donation is tax deductible in Germany! **IDEAL** will provide you with a donation certificate to this end.

### **Material donations:**

After receiving further information from Kurbin and Thumana on the required goods, we will publish a detailed list of donors. We will then start to collect all the goods in Essen and subsequently transport them to Albania.

### **Personal donations:**

To all:

- doctors,
- teachers,
- Parents,
- Business people,
- professors
- Social workers or social workers.

### **Please become a guardian angel of families in need!**

You can do something by sacrificing either a bit of your time, providing moral and professional support to affected families and traumatized children online or during your private visits to Albania, through counselling or workshops.

**IDEAL** will prepare a detailed list of the needs of these children and their families and directly communicate your contacts to the families in need.

### **Donation Management:**

**iDEAL** will manage all financial donation as follows:

- Either transfer them to the account number of a public institution in Thumana or Kurbin, e.g. the Education Department, or
- transfer the funds to the account of a supermarket together with the list of required goods
  - packaged and addressed individually in the names of the families of the pupils or kindergarten children
  - handed over to the families identified in the presence of the Mayor and the school principal.

### **Institutional cooperation:**

**iDEAL** we coordinate the delivery of the donations with the following institutions

- Honorary Consulate of the Republic of Albania in NRW,
- Ministry of Foreign Affairs of Albania,
- With the Mayors of the affected cities
- Public kindergartens and schools.

### **Our gratitude for the donors:**

**iDEAL** will issue a detailed list of all donors, sort them alphabetically and publish them online as well as on social media. Such a list will be read out at the official hand-over ceremony in Albania.

Together we can help not only today but also in the coming days, weeks and months!

### **We thank you!**

**iDEAL** - Integrative German-Albanian Society e.V.
